

## / SCHEDULE

## Connect patients to the care they need

Make it easy for patients to find the right provider by surfacing enterprise-wide appointment inventory through self-service scheduling.

**Consumer demand for convenience when arranging for healthcare services is at an all time high—and growing.**

Kyrus Connect Schedule gives consumers 24-7 access to appointment availability and self-service scheduling—based on direct EHR integration—delivering a seamless digital experience, while alleviating burdens on staff.

Consumer expectations are met with gaps in access

**61%**  
of consumers

consider the ability to schedule appointments online to be important when making care decisions

**40%**  
of consumers

who didn't schedule online, said their health system or provider didn't offer the option

**75%**  
of millennials

scheduled their most recent appointment online

All stats from Kyrus Health, Care Access Benchmark Report for Healthcare Organizations, 2023

# Improve patient satisfaction and grow your base

**Modernize the patient experience** by providing patients the option to both search and schedule easily.

**Ensure accurate patient routing** with validation questions linked to Kyruus Health's proprietary database.

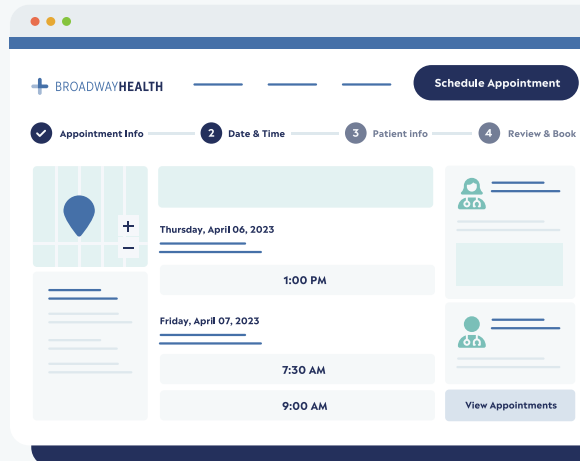

**Align network capacity and patient demand** by aggregating scheduling data across the enterprise.

**Expand reach to acquire new patients** by integrating scheduling into the growing Kyruus Network ecosystem.

**Streamline workflows with direct EHR integration**, resulting in a consistent access experience across your organization.

## 68%

**of online appointments scheduled were for new patients**
