

Our Step by Step Guide to Success

01 Pre-Visit Health Behavior Assessment

Patients receive real-time results, program information and self-enrollment instructions

The assessment form includes sections for Personal Information (12/12), ADA Risk (0/10), Self-Efficacy (0/8), Global short Form 10 (0/10), SDOH (0/10), and Prochaska Diclemente (0/10). The summary report for Robert McRobert Robertson, DOB: 08/14/2024, lists his Primary Care Center as Audobon Medical Plaza and provides a Personal Code: PP-99999.

02 Results

Clinic: \$12 - \$94*
two times
per year
reimbursement

Sent to EHR/Patient Chart

Providers:
Quick review

The results report provides a comprehensive overview of the patient's health status, including risk levels for various conditions and a list of recommended interventions.

03 Proceed with Office Visit

Send referral order to PreventScripts

04 Sign up Patient

Download app using personal code

\$18 setup

The form prompts the user to provide an email address, phone number, password, and confirm password, followed by a Personal Code and a Redeem button.

05 Healthy Living Kit Delivered

Kit includes scale/blood pressure monitor, water bottle and waist measurement tool.

06 Patient Health Literacy & Behavior Change Program

Three key patient interventions each month

Daily My Plans Tracking
Weekly Biometrics Tracking
Monthly Accountability

The app interface displays a dashboard with health biometrics (Weight, Blood Pressure, Blood Sugar, Waist Circumference) and a 'Creating a plan' screen with actionable items like 'Eat more fruit', 'Drink more water', and 'Move more'.

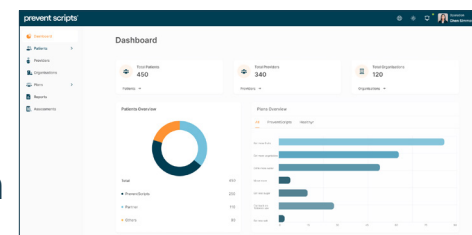

07 Encounters & Reporting

Adjust care plans and ongoing support based on patient progress
Reimbursement
\$25 - \$150*/patient/month

The reporting dashboard provides a detailed view of patient engagement, including app usage, completed tasks, and various health metrics tracked over time.

08 Care Model Performance Monitoring

Claims tracking
Enrollment ratios
Clinical team buy-in

09 Get Paid

Monetize fee for service model AND value-based care approach
