patient visits

403,000+
ER-Alternative and
Transitional Care visits

87,000+
Hospital-Alternative
Care admissions

ER-Alternative Care

Emergency care at home for serious—but not life-threatening—issues. Helping people **avoid unnecessary ER visits to create capacity.**

Hospital-Alternative Care

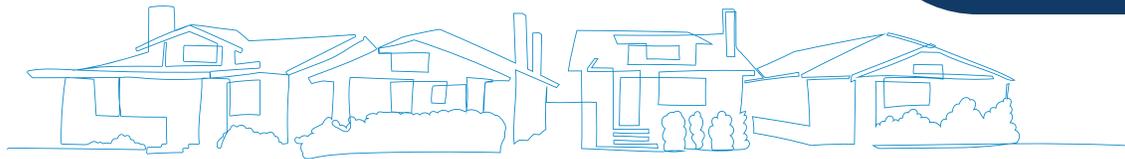

Hospital-level inpatient care that helps people continue a hospital stay at home or avoid being admitted altogether. **Create IP bed capacity and reduce readmissions.**

Transitional Care

After an ER visit, hospital, or nursing facility stay, helping people who are most likely to have an unplanned readmission recover safely at home. **Reduce length of stay and prevent readmissions.**

Ready Transitions

Early discharge (outpatient) program for high-risk patients. In-person and virtual checks for 7 days to **create capacity and prevent readmission.**

We are the first organization to achieve ACHC In-Home Hospital Care accreditation.

The Accreditation Commission for Health Care's (ACHC) new In-Home Hospital Care Accreditation recognizes our Hospital-Alternative Care service for operational excellence and outstanding patient care.
