Clinical-Grade Clarity™

VIRTUAL CARE PLATFORM:

Enabling unlimited workflows. Embedded directly into Epic.

Empower Nurses for Exceptional Care

Simplify Nursing Workflow

Maximize the Value of Technology

Nursing
Connect nurses remotely to increase accessibility, improve patient engagement, reduce cost, and enhance outcomes

Consultations
Connect to healthcare providers from anywhere, anytime, promoting early interventions and improved outcomes.

Rounding
Manage rounds virtually and escalate wherever resources are needed, increasing patient safety and satisfaction.
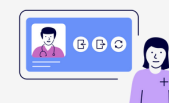

Observation
Deliver continuous, AI-powered monitoring to predict and prevent adverse events, optimize resources and improve the patient experience.

Double Medication Verification
Connect with virtual nurses as verification to drive greater regulatory and legal compliance while saving valuable time.

Admission, Discharge and Transfer
Enable ADT processes virtually, to drive efficiencies with critical nursing functions and reduce patient wait times.
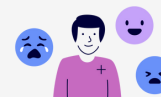

Pain Assessment & Reassessment
Enhance pain relief with prompt adjustments, boosting patient satisfaction and compliance.

Bed Turnover
Streamline bed turnover processes, reducing patient wait times and increasing operational efficiency.

Behavior Management
Remotely monitor patient behavior to ensure real-time patient and staff safety.

HoriZen™
NESA

NESA was built to enable Epic's Virtual Care

Single Sign-on
Your Epic sign-on allows ease of use

Seamless Integration
Automatic updating of patient health records in real-time

HIPAA - Compliance
No protected health information (PHI)
