

The Leading CX Platform Healthcare Innovators Trust

Digitize, orchestrate and
personalize the patient experience
with Powered by League.

Powered by League is the industry's most innovative and composable consumer experience platform.

The race for patient engagement is on. However, today's healthcare experiences are confusing, difficult to navigate and disconnected. Patients are looking for personalized and unifying healthcare experiences — ones that guide them, motivate them, and help them feel connected to their provider. There is a critical need for a digital platform that can digitize and personalize the entire patient lifecycle, from scheduling to at-home care.

Powered by League is a flexible platform that brings the entire patient journey into a single connected and personalized digital experience. League provides the building blocks to bring health, wellness, and care into one seamless platform enabling the right care at the right time to the right patient.

Exceptional digital CX is a key differentiator in patient choice.

Increase patient
lifetime value &
retention

Reduce patient
leakage & drive
adherence

Improve patient
satisfaction
