EVERYWARE®

COLLECT PATIENT BILLS
FAST WITH PAY BY TEXT

With more self-pay patients than ever, collecting payments is a growing challenge. Everyware's HIPAA safe Pay by Text solution for healthcare is a hassle free way for patients to pay medical bills, receive due date reminders, and exchange messages with billing and patient access representatives all from their mobile phone.

PAYMENT & MESSAGING
PLATFORM

Everyware enables healthcare organizations to connect with patients, caregivers or colleagues through two-way-text messaging and easily collect patient payments via secure Pay by Text links. Send receipts, due date reminders, referral receipts, apointment alerts, AI-powered auto-responses, and promotional campaigns. All mobile numbers are validated and payments are verified through this HIPAA safe and user-friendly platform.

Payment Module

Manage all text payments centrally with ease
