

DISTRIBUTION IS EVERYTHING

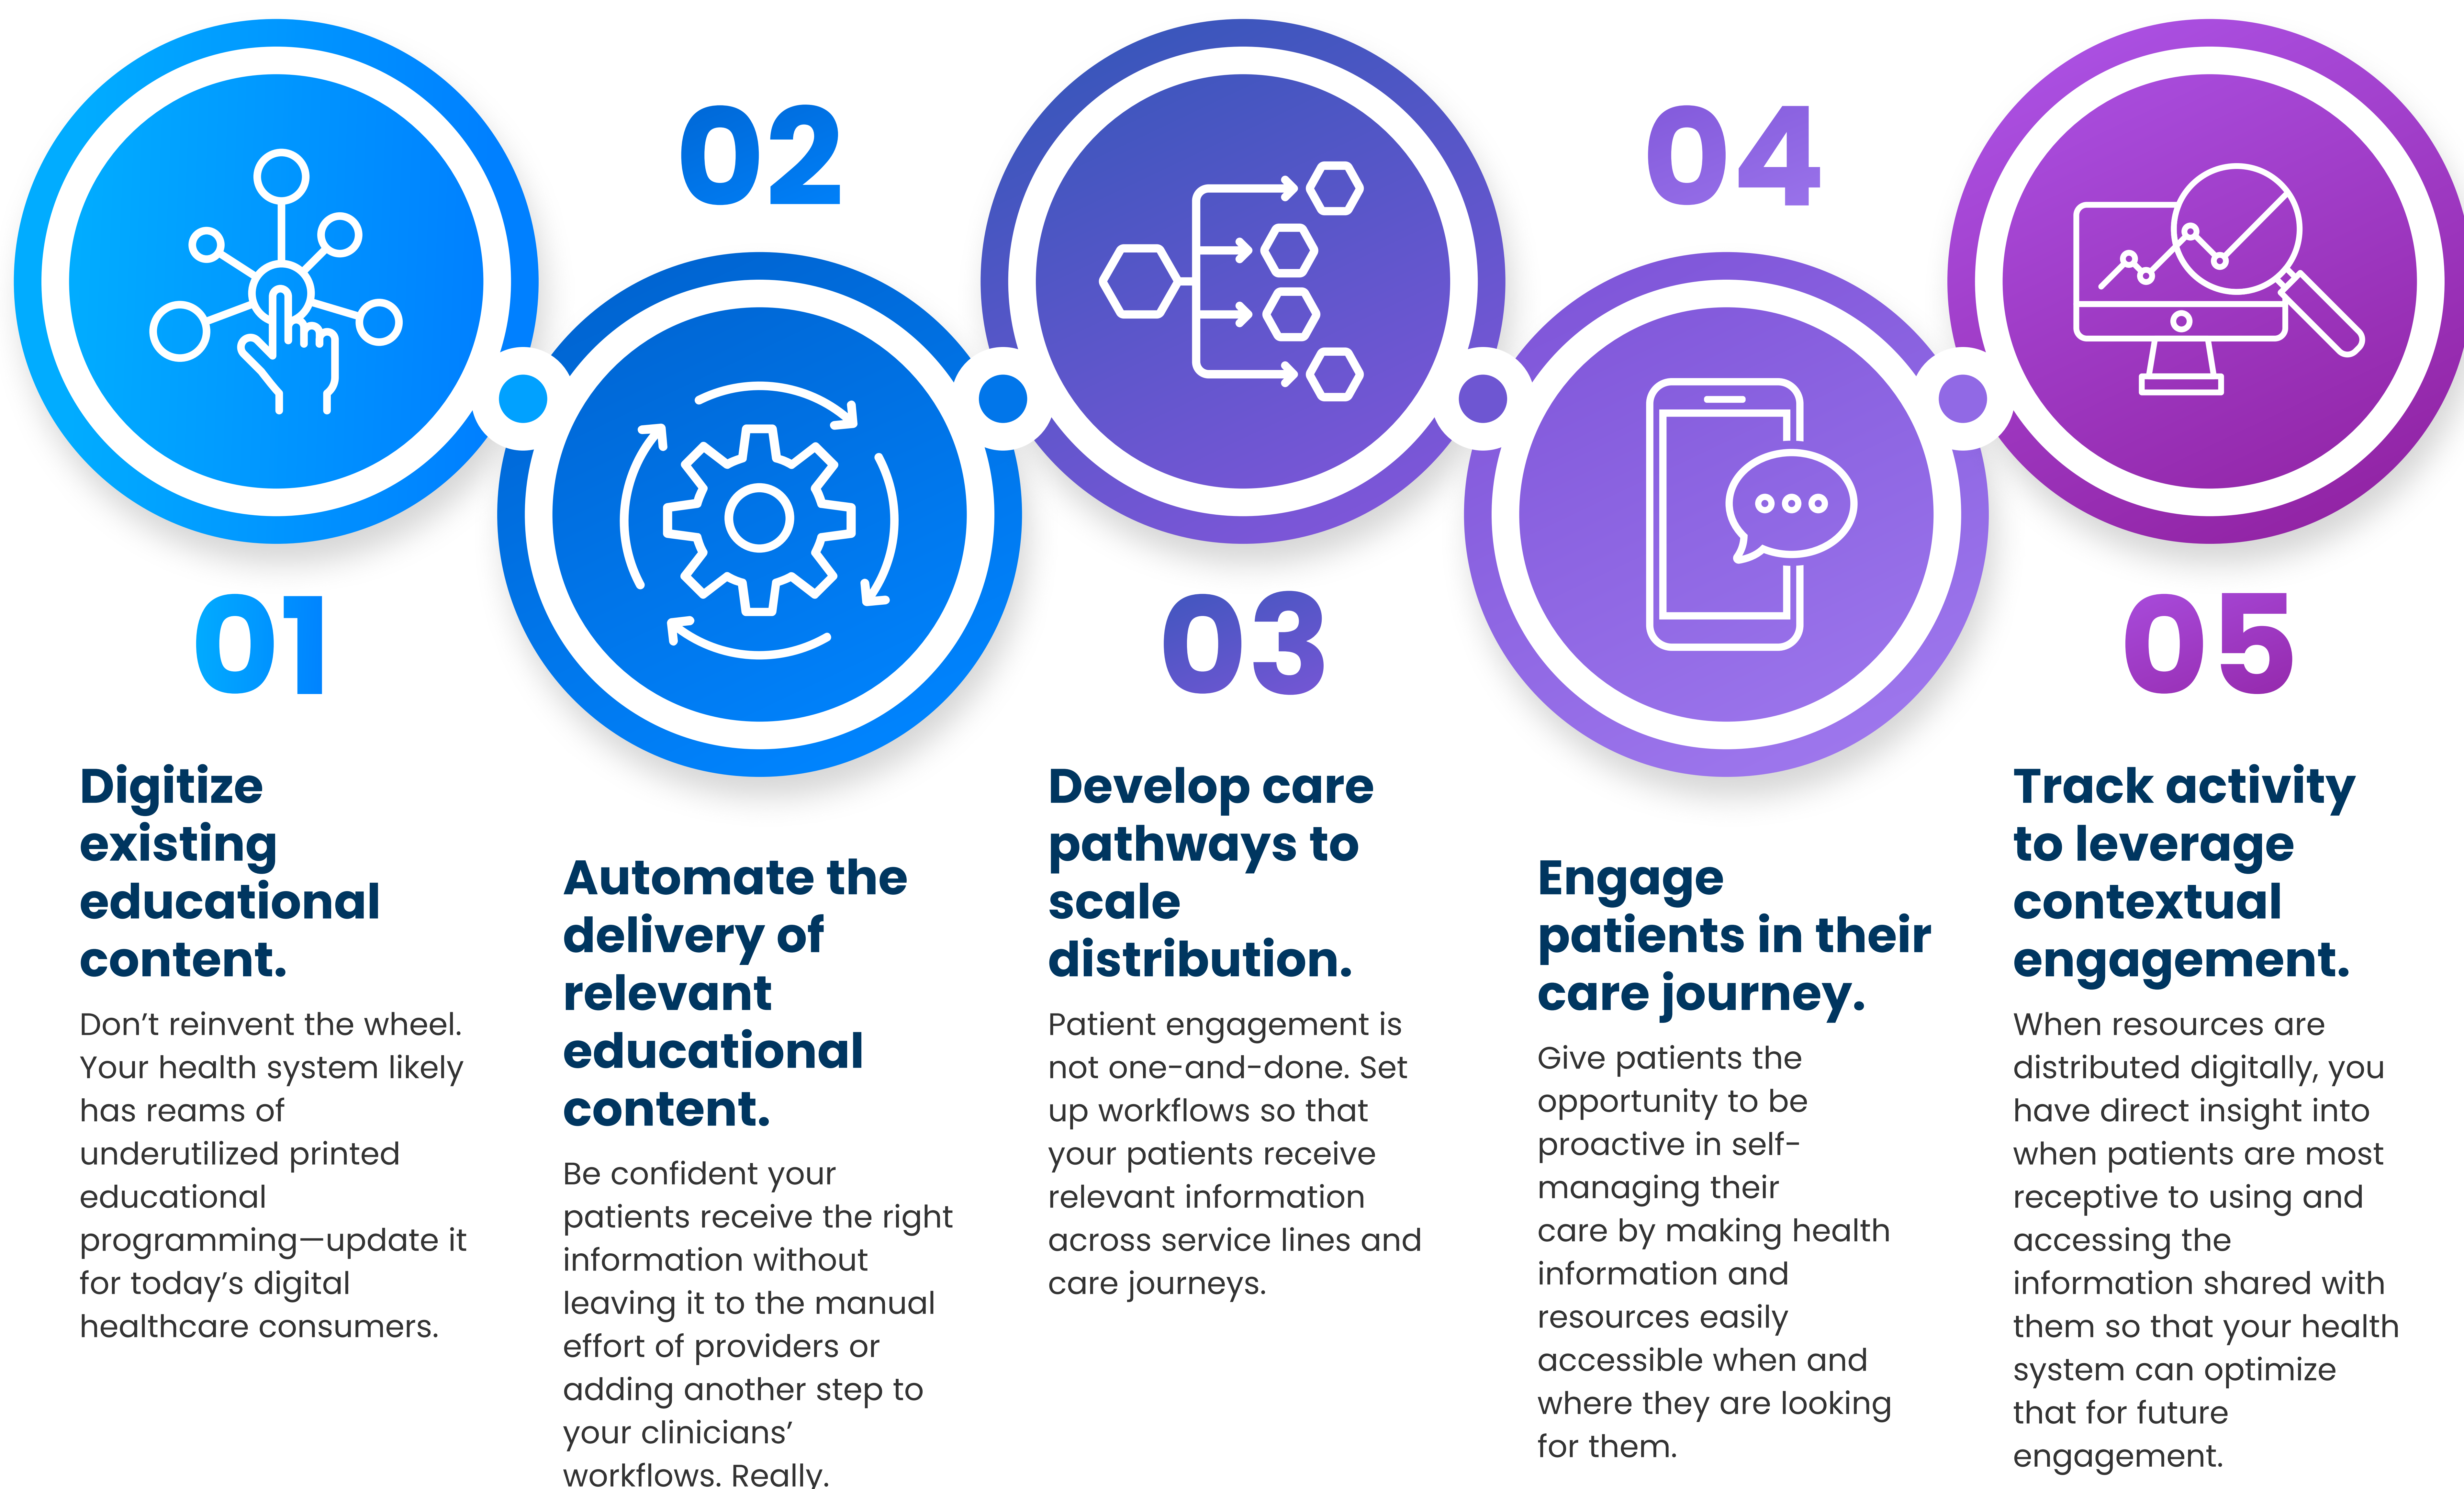

5 Ways to Leverage Existing Content Using a Digital Health Platform

FACT

94% of patients want educational content, yet only about two-thirds receive any*

While many health leaders recognize the need to bridge that gap using a digital health platform, they wrongly assume that new educational content and resources are needed—not true!

Before investing in new content, rethink how to leverage existing resources using a digital health platform:

Take control of your [digital content distribution with Xhealth](#)
