technical support

Go Virtual.

Bridge the digital divide for better patient care.

Seamlessly integrate virtual care technology into your patient care workflows.

Our HIPAA-compliant solutions are budget friendly, simple to use, customizable, and can be seamlessly integrated into your care environment using your own devices or one of the many hardware options that we offer.

From virtual sitters and virtual nursing to specialty consults and more, West-Com & TV can provide clinical expertise and guidance in developing and implementing a Virtual Care program that will enhance patient safety, foster clinical collaboration, facilitate access to specialty care, and enable family connection and engagement.

Our team can have you up and running with a Virtual Care platform in just a few short weeks. **Once you've experienced the efficiency and practicality of virtual care, you'll wonder how you ever worked without it.**
