## ***Definitely helps Medicare compliance***

I am a Chronic Care Coordinator, and we have recently started using ChronicCareIQ. I would recommend this company for anyone looking to incorporate chronic care into your office. It is a great program that definitely helps you meet your time for Medicare compliance. We have also been able to modify it to what would work for our team.

## ***Exceeded all my expectations***

My name is Tiffani and I am one of the Chronic Care Coordinators here at Heart and Vascular Care in Georgia. I am very pleased with ChronicCareIQ. They have exceeded all of my expectations. I would recommend this company to anyone that is wanting to onboard Chronic Care Management. Thank you so much for your willingness to help take care of our patients.

## Patient Survey Results

Our mission is to relieve your patients suffering by keeping you informed. So, when we see hard data telling our doctors that we are accomplishing that mission – straight from the patients themselves - it's so rewarding ... and exciting. THIS is why we work so hard!
